THE Generalized Disentery Syrup, is novereign in all disorders of the Bowels. Nothing is more injurious than the use of opinies in such disorders. The Dysentery Syrup neutralizes the soridity and chandrally alters the contents of the Bowels and very gradually checks the discharges. A thousand certificates of its efficacy could be got in Middle Tonnessee alone, but we prefer to give but one, from the chairman of the floard of Health, New York. Naw Yose, April 85th, 1848.

My position last year, as Chairman of the Sanitary Committee of this city, brought me constantly in contact with persons andering from Chelera, Dysentery, 40. Facts coming under my own observation, with reference to the efficacy of your Dysentery Syrup in the diseases, have been confirmed by the testimony of my associates on the committee, and particularly by Alderman De Forest, of the First Ward. So strongly was I impressed with the value of your proparation, Icaused it to be sent to the Quarantine, where the Cholera than calsted; and it is not a little remarkable that but a tingle case was respected afterwards.

would be used in the usual way of sowing. Remember seed is worth 30 cents per bushel. This Machine is also an elegant Cultivator, after the Cutton is up. The front plow, hopper, and covering block may all be removed, and Scrapers screwed on. And then you scrape both sides of the row, and harrow the ground, and plow the coston, if necessary, all at once, thus saving the labor of at least 5 or 6 hands.

The above Machines can be got up at a cost of out over eleven dollars, and can be sold in the South for \$ 5 or \$30 as fast as they could be manufactured or shipped there. Do not let anything prevent you making an investigation of our Cotton Planter. We challenge the world to show a better or more labor saving and useful implement for the purpose recommended. The first objection is yet got to be set up against it. A small model of our Planter may be seen at the Sawanee Houve, College street, Nashville. CINCINNATI, OHIO. THE UNDERSIGNED, manufacturer and sole proprietor of the above brand of WHISKY would respectfully inform his customers and purchasers of this celebrated brand, that there has appeared in the Charleston and other Southern markets a counterfell of the above Whisky, being a poisonous imitation, brandel similar to his brand; it passes under the name of S. N. Dike's Magnolia Whisky, Cincinnati, Ohio, and other names simi far to S. N. Pike. As there is no party in this city of the name of S. N. Dike, it is intended to impose and decrive those who would purchase the genuine brand. I make this atement to put parties on their guard, as there are severa ersons in the east and west making an imitation, and sing my name with a slight alteration. I have analyzed everal samples of this counterfeit brand, and found that it ontains a deadly poison; this fact alone impels me to cau-con the public, protect those who are liable to be secreted. tion the public, protect those who are liable to be lectived, and prevent the evil results attending the use of thi poisonous imitation. I also hereby caution the counter feiters of my brand that I will prosecute them to the full extent of the law. The genuine S. N. Pike's Magnolia Whicky is distil ed from the best qualitities of Rye and Corn, and is warranted free from any deleterious or obnoxious compound, it being a pure and healthy beverage.
